

ATSOAA - 2026

**ARIES Training School
in
Observational Astronomy & Atmospheric sciences**

20th – 30th April 2026 |  ARIES, Nainital

ATSOAA is an annual training program organised by ARIES that introduces young students to astronomy, solar physics and atmospheric sciences, combining lectures with hands-on data analysis.

Topics Covered:

- Galactic and Extragalactic Astronomy
- Atmospheric Science, Weather and Climate Change
- Solar Physics

Highlights:

- *Hands-on sessions on data processing in Astronomy and Atmospheric Sciences*
- *10-day project work in Astronomy, Solar Physics, and Atmospheric Sciences*
- *Visit to ARIES facilities (3.6 m DOT, 4 m ILMT, 1.04 m Telescope, ST Radar, etc.)*
- *Interactive sessions with ARIES faculty, postdocs, and PhD scholars*

Registration Starts - 4th Feb 2026

Registration Ends - 25th Feb 2026

Who can apply -

MSc (Physics) - 1st/2nd year, Integrated MS (Physics) - 4th/5th year & B.Tech - 4th year students

Scientific Organising Committee:

Dr. Yogesh Chandra Joshi (Chairperson)
Dr. S Krishna Prasad (Coordinator Astronomy and Astrophysics)
Dr. Priyanka Srivastava (Coordinator Atmospheric Sciences)
